

Reimbursement

3D rendering of the lumen provides relevant additional information to quickly and conveniently assist a physician in assessing a patient's carotid artery.

From the 2011 CPT Code and Medicare Payment Information Schedule:

Code	Description
76377	3D rendering with interpretation and reporting of computed tomography, magnetic resonance imaging, ultrasound, or other tomographic modality; requiring image postprocessing on an independent workstation

2013 reimbursement figures, cited from the ACR online guide:
